## ISUZU EXTENDED WARRANTY COVERAGE

Isuzu is committed to assuring your satisfaction with your commercial truck. Your authorized Isuzu dealer also wants you to be completely satisfied and invites you to return for all your service needs, both during and after the standard and extended warranty period.

While any authorized Isuzu N-Series dealer can perform standard and extended warranty service, we recommend that you return to the dealership that sold you your vehicle because of their continued and personal interest in you. If you are traveling, move or did not obtain your truck from an authorized dealership, any authorized Isuzu dealer can provide standard and extended warranty service for you.

Considering the investment you have made in your commercial truck, we know you will want to operate and maintain it properly. We urge you, therefore, to follow the instructions and recommendations contained in your Owner's Manual.

Should you ever encounter a problem that is not resolved, talk to a member of dealer management. If a problem persists, follow the procedures outlined in your New Vehicle Warranty Booklet.
