“Isuzu” translates as “fifty bells pealing in harmony and celebration to form one unified sound.”

Harmony is what we strive for with our customers. The medium-duty segment offers customers a number of options to choose from, but when they choose Isuzu it means something more to us. We are more than a chassis and we aim to show that to each of our customers.

Sure, Isuzu’s legendary reliability is a testament to how well built our trucks are. They are put to the test every day from the harsh environments of construction to the stop-n-go of home delivery. And at every turn, we are there to support our owners with robust warranties, quality parts and excellent maintenance at more than 300 authorized Isuzu dealerships and service facilities.

Isuzu has been the best-selling low cab forward truck in America every year since 1986.

That wouldn’t be possible if our customers bought one Isuzu truck and then switched to another brand. But they don’t. They come back, year after year, truck after truck. Decades of performance and millions of miles of reliability have made Isuzu a leader in the medium-duty segment.

We are more than a chassis to hundreds of thousands of owner-operators and fleet managers that can attest to the great performance of Isuzu trucks and to our brand support. There isn’t just one compelling reason to choose Isuzu but many reasons. Owning an Isuzu truck is just the beginning of a relationship -- we aim to prove that Isuzu trucks are more than a chassis.
ISUZU THE #1 BEST SELLING LCF TRUCK IN AMERICA SINCE 1986
LESS IS MORE.  
MORE IS BEST.

The Isuzu low cab forward (LCF) design is known for providing outstanding visibility and maneuverability. These two advantages alone make Isuzu trucks easier and safer to drive. Our multiple wheelbases give F-Series customers a choice of body sizes up to 30 feet in length -- giving you more choices, more driver benefits and less hassle when navigating the road ahead. **Less is more and more is best.**

**EFFICIENT OVERALL LENGTH**

Conventional cabs are longer in order to accommodate a forward-mounted engine. In contrast, Isuzu LCF cabs are positioned above the engine with less forward mass. This efficient design gives LCF owners more Cab to Axle (CA) space compared to conventional cabs with equivalent wheelbases, allowing:

- Up to 2-ft. longer bodies on equivalent wheelbases to accommodate more cargo
- Up to 30-ft. bodies which our conventional cab competitors cannot. This versatility gives you more choices when upfitting your next FTR
- More maneuverability. When equal body sizes are mounted on a traditional and low cab forward truck, the low cab forward truck has a shorter overall vehicle length providing more maneuverability with equal cargo loads

**INCREASED FORWARD VISIBILITY**

**Less** mass in front of the cab gives the driver and passengers more visibility compared to traditional cabs. This not only helps to make driving an Isuzu truck easier, but also helps to enhance safety for the driver. Urban areas are known for their tight quarters and being able to see obstacles and pedestrians more clearly gives the driver an advantage when navigating in the city or the open road.

**3-POINTERS ARE GOOD FOR BASKETBALL, NOT SO MUCH IN TRUCKING**

Fewer three-point turns saves time and time is money. More time, more money. Isuzu trucks have class-leading turning radius which reduce the amount of three-point turns on any given route. The turning radius also helps the driver when parking and backing into tight spaces.

ACCESSORIES

KEYLESS ENTRY
Conveniently locks and unlocks all cab doors at the push of a button. Two transmitters included.

CHROME GRILL
Enhance styling with a chrome-accented grille.

LOCKABLE DEF CAP
Helps prevent DEF theft and prevent contamination from filling the tank with other liquids that can cause powertrain damage. Owners of multiple trucks can have them single keyed. Includes two keys.

AIR SUSPENSION
Hendrickson 1400® 230 Air Suspension delivers superb ride quality for many applications. Includes a single leveling valve, shock absorbers, and in-cab air dump switch.

ALUMINUM WHEELS
Alcoa clean buff aluminum wheels. Available in 4 wheel or 6 wheel configurations.

HEATED MIRRORS
Heated flat and convex mirrors or heated flat and convex mirrors with dual remote controls. Heated flat and convex mirrors prevent fogging and ice collection with a quick push of a cab switch. For added convenience, available remote controls allow the driver to quickly adjust the angle of the flat or convex mirror.

HEATED FUEL FILTER
Heated fuel filter and sediment trap warm fuel to help improve cold weather starts and reduce fuel gels. Located on the driver side of the chassis as part of the fuel prime pump.

MOBILEYE
This passive safety system provides alerts and warnings for enhanced safety. The system incorporates Forward Collision Warning, Pedestrian Collision Warning, Lane Departure Warning and Headway Monitoring and Warning.

HIGH-VISIBILITY RED SEATBELTS
Red seatbelts provide quick visual verification that seat belts are being worn to conform with safety regulations.

FIRE EXTINGUISHER/TRIANGLE KIT
Provides driver safety and meets FMCSA 393.95 requirements. Triangle kit meets FMVSS 125.

7-IN. TOUCHSCREEN AUDIO SYSTEM
The Alpine iLX-207 is equipped with a convenient touchscreen display and provides 200 watts of sound. This versatile system works with Apple CarPlay® and Android Auto which gives you access to a number of your smartphone’s apps including navigation. It is also equipped with built-in Bluetooth®, SiriusXM connectivity (antenna and subscription required), an HDMI input, an HD Radio™ tuner and more. A USB port and AUX input are also included.

A backup camera is also available with the system. When ordering the audio system, select this upgrade to enhance your driving experience and safety. The camera is reverse-linked and projects an image with guidelines on the display.

Other Optional Equipment:
- Spare Keys (2 additional keys)
- PTO Switch
- Fire Extinguisher and Triangle Kit
- 102-in. Side Mirror Bracket
- Oil Pan Heater
- Cold Weather Packages
- Emergency Engine Shutdown System
- Engine Idle Shutdown (3 or 5 minutes)
- Speed Limiting to 58, 65, 68 or 70 mph
- CAN Interface Converter (SAE J1939), provides read-only CAN data for compatible telematics systems
QUALITY PROGRAMS
RELIABLE. PREDICTABLE. TRUSTWORTHY.

What do Isuzu trucks have that others don’t? It’s not just multiple wheel choices, chrome grilles and the latest bells and whistles. It’s more than that. The best low cab forward truck is backed by unrivaled product and customer support, a best-in-class warranty and a low cost of ownership. It’s the intangibles and so much more. Our customers’ loyalty is due to our quality product and the support we back it with.

Isuzu diesel trucks are equipped with a Data Recording Module (DRM) that tracks your truck’s performance in key areas like fuel economy, engine and emission conditions and braking conditions just to name a few. Your dealer can run a Vehicle Health Report on your truck to help you monitor how it is being driven, identify potential repairs and help protect your investment while maximizing your uptime.

Your truck’s maintenance is vital to keeping it on the road and performing its best. That is why every new Isuzu diesel truck comes with a complimentary oil coverage plan. It is more than just an oil and filter change every 10,000 miles or 300 engine hours. This maintenance plan covers lubricating the chassis, replacing engine and chassis fuel filters, checking your tire pressures and running a Vehicle Health Report. This plan covers your truck for two years or 60,000 miles, whichever comes first.

Preventive maintenance increases your operating efficiency and maximizes your fuel economy. This comprehensive program protects you against increasing labor and parts costs for three to six years. PSMP also guarantees you “Priority” treatment during your service visits and when roadside assistance is needed. And any unused portion of your PSMP can be rolled into your next purchase, transferred to the next owner, or refunded to you.

Protecting your investment beyond the standard warranty assures you a high level of protection against costly repairs. This limited warranty covers you for up to five years or 200,000 miles (250,000 miles also available), whichever comes first, extends Roadside Assistance for duration of the warranty and doubles the mileage of the after-treatment system.

Warranty coverages are determined by the mileage of the vehicle and the number of years from the delivery date. See you authorized Isuzu dealer for warranty details.

Call 866.441.9659 – 24/7/365 – It is as simple as that when you are in need. Roadside Assistance is standard for the first three years (unlimited miles) on Isuzu diesel trucks. It covers tows, jump starts, lock outs and fueling (owner is responsible for cost of fuel).

Specifically-designed replacement parts developed for Isuzu trucks. They are approved for all warranty repairs and carry a one-year unlimited mile warranty.

Isuzu FleetValue Parts are designed to provide a low cost of ownership, safe operation of your truck and superior quality. We ensure that FleetValue Parts meet OEM standards and back them with a one-year unlimited mile warranty.

Isuzu Finance of America is the captive finance company for Isuzu Commercial Truck of America. Exclusive programs, like the Isuzu iLease, are offered through authorized Isuzu dealers nationwide. The iLease is by far the most cost-effective option for qualifying customers, allowing them to take advantage of low monthly payments. Ask your Isuzu dealer for more information on Isuzu Finance offerings that will best fit your business needs!
